This estimate was cancelled and a revised estimate for Rs 2545/- was sanctioned in G.O. No. 1490-1/ M.7.490-12-12 & 3-2-1912 and the excess of Rs 145/- was debited to the temple funds.

A measurement bill for Rs 658-6-7 for work done in accordance with this revised estimate was passed in G.O. No. 1600-1/ M.7 572-11-2 & 8-5-1912.

Key V

It is now stated that some additional items of work are very necessary and a revised estimate for Rs 3697/- is accordingly submitted. The cost of this estimate exceeds that of the previous one by Rs 1152/- which amount is stated to be also available at the credit of the temple though no treasury certificate is attached to the estimate. The reasons for the excess are given

Concisely in the comparative statement filed with the records the Dy Comrs states that, ~~as~~ as the work is of a very urgent nature requiring completion before the close of the current year & before the Car festival of the temple, he has instructed the Amildar to push on with the work in anticipation of Govt sanction. Further he states that he intends to go to Mulbagal and stay there till the middle of this month and that if the estimate is sanctioned early he could personally supervise the work.

that a sum of Rs 3979-7-5 is available at the credit of the institution at the end of April 1913. No. 647-8-0/M 7.493-09-10 dt 15-9-1911 and a further sum of Rs 896-10-3 being the balance of the Jamabandi of the inam villages still to be recovered from the tenants. He thus arrives at a total figure of (Rs 3979.7.5 + Rs 896-10.3 + Rs 1082-8-0) Rs 5958-9-8 as the probable gross income at the end of June 1913 and deducting from this the sums of Rs 196-0-0 and Rs 521-4-0 on account of the Estt. charges during May & June 1913, and the Potgi due to Sambay & patels respectively gets a probable net balance of Rs 5246-5-8. at the end of June 13.

It is seen that the above calculation presumes that the total Jamabandi will be collected ~~during the~~ before June 13. Further, the sum of Rs 1082-8-0

The original estimate was for Rs 2545/ and work to the extent of Rs 1274-4-7 has already been paid for. The amount remaining after meeting the above bills is Rs 1704-0-3 according to Comptroller's figures. The revised estimate (which is only some addition to the old one) is for Rs 3697/. deducting therefrom Rs 2545/ the amount of the previous estimate, the amount now to be sanctioned is Rs 1152. Even if the revised estimate and the 3rd & 4th measurement bills now submitted for sanction were sanctioned, there will still remain savings of Rs 181-4-9 according to Comptroller's figures.

The next question is whether there will be sufficient funds to meet the cost of the restoration of the Talaghatta tank which is estimated to cost Rs 1530/- The temple is likely to get, by the time the estimate is received after scrutiny by the Ex: Engineer, sufft funds. Therefore.

Camp Mulbagal,

My dear Sir,

THE SRI ANJENEYASWAMI TEMPLE AT MULBAGAL.

I beg to invite reference to correspondence ending with my letter No.102 dated 18th September 1914, requesting sanction to the revised estimate for putting up the compound wall to the above temple and request that you may kindly see your way to return the estimate duly sanctioned by Government for pushing on with the work.

I inspected the temple this morning and found that the work had been stopped and its surroundings were insanitary in consequence. It is hardly desirable that this state of affairs should be allowed to continue longer considering the importance of this big institution.

Yours sincerely,

V.R. Thyagaraja Iyer, Esq, M.A.

Mulbagal

28th May 1915

Visited the Sri Anjaneyaswami temple at Mulbagal this morning. The debris inside the compound have been removed and the grounds levelled. The dilapidated portions of the Prakaram have recently been rebuilt in stone and chunam to a sufficient height, and further raising of the wall is quite unnecessary, as when the debris round the temple outside the Prakaram is removed, it will be found to be as high as is needed. If this debris is not quickly removed, the newly built walls will get seriously damaged by soakage etc and undo the improvements effected at great cost. The whole work can be executed at a small cost of about 2 or 3 hundred rupees, and the small stones and bricks which are found in large quantity in the debris may also, with advantage, be used in coping up the newly built up portions of the Prakaram, which is yet left undone. It is only after the removal of this debris outside that the temple surroundings can be kept in a sanitary condition by opening out also a fine broad road on all sides. The outlay therefo being small, the work may be put in hand at once and completed before further injury is done to the walls.

Sir,

With reference to Government Proceedings No 1790-1/Muz: T. 493-09-12 dated 3rd February 1912, sanctioning a revised estimate for Rs. 2,745/- for repairing the Sri Rajamannaswami Temple at Mulbagal, I have the honor to state that while the work of construct ing the Compound wall was under execution, I inspected the work in the months of March, May and September 1912, and found that the height of the Compound wall was very low and

the construction of the same as per
sanctioned estimate served no useful
purpose. The influential residents of
the place and the temple servants
represented that such a large expenditure
would be vain if the height of wall is
not increased.

2. As I find it necessary to raise the
height of the wall and execute certain
sundry improvements, I directed the
Amildar of Mulbagal to submit a
revised estimate with a comparative
Pl. X statement showing the difference of the
several sanctioned and proposed items.

3. The works proposed in the revised
estimate being urgent, I solicit that
you may be so good as to obtain
early sanction of government to the
revised estimate, the cost being met
from the balance available at the
credit of the Institution. As the
work should be completed before

the close of the current official year and before the car festivities of the temple take place, I have in anticipation of Government sanction, instructed the Amildar to push on with the work as per revised estimate.

Sir,

With reference to your letter No.1070/Muzrai 455-12-2 dated 13th March 1913, anent the repairs to the Sri Anjeneya-swami temple at Mulbagal, I have the honor to state that there was a balance of Rs.3979-7-5 at the credit of the Institution on the 30th April 1913, as certified by the Taluk Treasury ---- Officer. As the construction of the compound wall to the temple has to be completed once for all and as there is sufficient --- amount available to meet the cost of the revised estimate and also the restoration of the Tataghatta tank, I request that early sanction of Government to the estimate may kindly be obtained.

2. The estimate of the Tataghatta tank was sent to the Executive Engineer for ~~security~~ Scrutiny, which has not been returned, even though more than 3 reminders were sent to him in the matter and the same will be submitted to Government for sanction on its receipt.

3. As there is no progress in the temple work since last December, I request that early orders may kindly be passed, so that the work may be pushed on, not only for the safety of the temple, but also for the convenience of the several devotees

Sir,

Adverting to your letter No.2295/Muz.455-12-6 dated 4th March 1914, calling for certain additional information re the repairs to the Sri Anjaneyaswami temple at Mulbagal, I have the honor to state that the Amildar of Mulbagal reports that the balance on the 1st July 1913 was Rs 4,137-0-9 and not Rs 1,704-0-3 as stated by the Comptroller. He submitd two lists showing the monthly receipts and expenditure for the years 1911-12 and 1912-13.

2. As the work is one of a very urgent nature and the construction of the compound wall is still left incomplete, I solicit early sanction to the estimate, so that the work may be completed as early as practicable.

3. As regards the correct balance at the credit of the Institution, I have issued orders to the Amildar of Mulbagal to furnish the figures showing the monthly receipts and expenditure from the year 1905-06 and the same will be reported to Government in communication with the Comptroller to the Government of Mysore.

4. The vernacular file of correspondence ending with the

Malur Sub Division Officers yadi No.1578 dated 27th April 1914 is herewith submitted for reference.

SIR,

In inviting your kind attention to this Office letter No. 332 dated 19th June 1914, requesting early sanction to the revised estimate for the Construction of the Compound wall to the Sri Anjeneya Swami Temple at Mulbagal, I have the honor to state that as reported by Amildar of Mulbagal there was a balance of Rs 4,137-0-9 on 8th July 1913 at the credit of the Institution. This balance includes the sum of Rs 1,920/- deposited in the Savings Bank for Conducting

Sd/-

Conducting Services in the temple of Padmanabhapuram. After deducting this amount, there was a net balance of Rs 2,21/- on the said date available at the credit of the temple.

2. I visited this temple in July last and as there was no progress in the work for more than one year and a half for want of sanction to the revised estimate, the work already executed, has no effect and is likely to result in serious damage to the institution, if it is left as it is. The temple has sufficient funds to meet the cost of the revised estimate and as the work should be completed without any loss of time, I solicit that early sanction to the estimate may kindly be accorded considering the importance of the institution.

3. The Statement received from the Amildar of Muthalal showing the receipt

29

Receipt and expenditure, is herein

enclosed for reference.

I have the honor to be,

Sir,

Your most obedient Servant.

Government are not quite satisfied that a compound wall of 10 feet height is necessary and the question requires further consideration after the debris from the surroundings is removed and the ground properly levelled. Orders on this point will, therefore, be reserved pending a further report from the Deputy Commissioner as regards its necessity and the sum of Rs.802/- provided therefor in the revised estimate will be deducted. With this alteration the revised estimate is sanctioned for Rs.2895/- the excess of Rs.350/- over the original estimate being met from the funds at the credit of the temple.

2. The estimate for Rs.2545/- sanctioned in the proceedings read above is cancelled.
